

THE ENCINILLA LODGE

THE SETTING

Only 45 km from the capital, Madrid, this marvellous estate is set in rolling terrain with lush holm oak, dwarf oak and esparto grass.

The estate has verandas with views of the mountains, a large lounge and a big meeting room. All in perfect setting to hold a different kind of event - both rustic and sophisticated.

Different activities are available such as walks in the countryside and 4x4 excursions around the estate.

the medieval atmosphere of Chinchón is also at hand - enjoy its main square, its wonderful restaurants and superb accommodation (especially recommendable are the Parador and the Condesa).
