## ESTATE IN SEVILLA

Private house of a familiar state located between Seville and Carmona, 15 Km from each city, nearby La Vega de Carmona.

The house was built in 1939, it has been regularly refurbished to accommodate modern conveniences, but keeping all the traditional features and aesthetics that give the flavor and character of Andalusia. It has 1400 m2, with a comfortable layout: two large living rooms, a dining room, several patios, porches, terraces and a pool; eight bedrooms with bathroom included; last but not least there is the garden, made by the renowned landscape designer Nicolau Rubio i Tadori. Everything keeps the character, flavor and elegance from Andalusia. There is also a chapel in the house where formerly pilgrimages were made.

The state where the house is began as an agricultural farm, it still keeps most of the structure and original buildings of the time; today it is dedicated to horse breeding. The family is closely linked to the world of horses and has one of the most important collections of old carriages of the moment, which can be visited and enjoyed on the state, at the Feria de Abril or special events.
